What is the Psalmist Course?

The Ministry of the Psalmist course is 4-lesson comprehensive teaching course for use in the local church. Totally different to the 'School of Psalmody', this course has been developed specifically for the Worship Team. It brings insight and teaching for those who desire to excel in this vital ministry in the church. We will study the life of David and some of his chief musicians and examine how these lessons practically apply to our own ministry life.

Who can attend?

Anyone who serves in any capacity within a worship team, ie. worship pastors, worship leaders, singers, musicians, sound engineers, dancers, artists and banner worshippers, leaders and choir teams.

Why should you attend?

... If there is a desire in your heart to gain a deeper understanding in the ministry of worship and at the same time develop your daily lifestyle of worship then this course is for you!

... If you want to be refreshed and gain spiritual energy to minister as a Psalmist then this course is for you! This course will certainly help you to become a worshipping person so you can offer mature leadership to

your congregation. There will be the opportunity to fellowship with others in your position and share your experiences, questions... even frustrations!

Teaching includes:

- Hebrew meaning of 'psalmist'
- David the psalmist
- New Testament psalmists
- The psalmist within the New Testament local church
- Old & New Testament music structure
- New Testament chief musician
- New Testament singers and musicians

There will also be a highly interactive element to the sessions. There will be space for free worship, Q&A and spontaneous ministry in the Holy Spirit. Our desire is to see you released and activated in your gifting.
